MEMORANDUM FOR: Director of Development & Procurement, DPS/DCI
SUBJECT : Exploitation of Equipment for CORONA Photography
REFERENCE : Memorandum for SA/PD/DCI from [redacted]
and [redacted] same subject, dtd 12/1/58.
(COR-0244)

1. I have read the referenced memorandum by [redacted]
and [redacted] with interest. I find their case persuasive and would in any
event be inclined to defer to their judgment in this matter.

2. I am however struck by the fact that there was no discussion
in their paper of these limitations of certain Eastman equipments that were
alleged by Mr. Levison in his draft letter. I hope these limitations were
looked into, and I would like some comment on them before this matter is
finally settled. My understanding from you is that Mr. Levison's criticisms
were directed at two processors which are not the ones Eastman is planning
to use, but I still would like to know how the Eastman machine overcomes
the weaknesses attributed by Mr. Levison.
